

GMS Opens Florida Office

Global Management Services, Inc. (GMS), the leading international destination management company in the US announced today the opening of its Florida office. The office will be headed by Steffi Kordy, the company's long-time Director of Marketing and Sales. In announcing the opening of the new office, GMS president Hanson Ansary said: "to better serve our worldwide clients, we are constantly trying to open offices where the need is. We have been facing increasing demands for our services in Florida. We are pleased, therefore, to be able to respond to our clients' requests with a satellite office much nearer where the needs are."

"I am very anxious and excited" said Ms. Kordy, "to start our new office in the beautiful State of Florida." She continued, "I will personally be relocating to Florida to oversee the operation of our new office there."

Founded in 1998, GMS is celebrating its 10th year of operation this year. During the last decade, GMS has come to be recognized as the leading event planning and destination management company in the US and Canada with a focus on incentive programs, congresses and special events. The company's new Florida office will be serving its growing clientele in the Southeastern US.
